Bell Work #1 – 22 Aug 2017

(centered on first line of notebook paper)

Copy the following notes into your bell work.

Subject

The subject of a sentence is the person, place, thing, or idea that is doing or being something. You can find the subject of a sentence if you can find the verb. Ask the question, "Who or what 'verbs' or 'verbed'?" and the answer to that question is the subject.

Predicate

The predicate is the part of a sentence (or clause) which tells us what the subject does or is. To put it another way, the predicate is everything that is not the subject. At the heart of the predicate is a verb.

Copy the following sentences. Underline the subject once and its predicate verb twice.

John copies the schedule into Rank One.
