Sample Rationale - Me in a Bag

Key elements

- **concrete detail (item)**
- *commentary (significance/importance of item)*

I brought a corner section from an electric wire fence where a spark ignited a fire ball leaving burns over about a third of my body and landed me in the intensive care of Hillcrest's burn unit for three weeks. The wire fence represents a time of a near grave tragedy and reminds me of my ability to find a way through hardships in life.
